TRODDEN HARD.

Three thousand years or more ago
King Solomon, both sage and hard.
Observed a fact he noted thus:
"The way of the transgressor's hard."

The question why is oft discussed,
But this solution seems complete:
The sinner's way is hard because
It's trodden by so many feet!

—Smart Set.

THEY GOT OFF EASY

**The Lads Who Mutilated Colonel E.
A. Robinson's Tulip Beds**

The young scapegraces who mutilated the
beautiful flower beds on Colonel E. A. Robinson's
lawn in East Second street a few nights ago
were arraigned before Judge Whitaker yesterday
in the Police Court.

The moving spirits in the despoliation were
Clarence Nicholson, Harry Dean and Bee Wise,
with about fifteen others more or less implicated.

Their ages ranged from 9 to 15 years. It
was the first appearance of four or five in Court,
the rest having been on the stool of repentance
before.

The Judge, as well as the City Attorney,
talked and counseled the young offenders in a
fatherly way, but evidently it was like pouring
water on a duck's back—very little of the good
advice held fast.

The three named above were fined \$10 each,
and collection suspended on promise of good
behavior. The Judge cautioned them that if
brought before him again he would enforce the
original fine with a Jail sentence added.

EMERY WHEEL BURST

**Narrow Escape of Employee at the
Big Hall Plow Works**

Yesterday shortly after the noon hour an
accident occurred at Hall's Eagle Plow Works
that came within a hair's breadth of snuffing
out the life of an employee.

An important factor in the construction of
plows is an emery wheel, used generally for
polishing shares and points of plows.

In this instance the wheel was a very large
one, being 24x20 inches and weighing over
one hundred pounds.

The machine was in charge of Mr. Henry
Childs, and fortunately for him at the instant
the wheel bursted he was engaged in oiling a
part of its mechanism.

Had he been in his regular position he would
have been hurled into eternity in fragments.

As it was he was struck in the face by a
piece of board that served as a shield in pre-
venting particles flying in the operator's face,
the force of the blow knocking him senseless
to the floor.

One piece tore a large hole in a brick wall,
another carried away a part of a window
frame.

That none were killed by the flying missile
is a miracle, and Mr. Childs can congratulate
himself that he escaped as well as he did.

more Stetson Hats than any other house that handles their Hats. We replied that this is easily accounted for. Our people know that the BEST is

SOME smart Aleck said there would be thirteen snows the past winter, and there were people foolish enough to believe it. There were at least forty, not counting the six that fell Sunday.

Ah, there's life in the old land yet! The cheering news comes that work has begun on the new railroad between Carrollton and Worthville—about 15 miles. Thanks for short distances; longer ones in proportion.

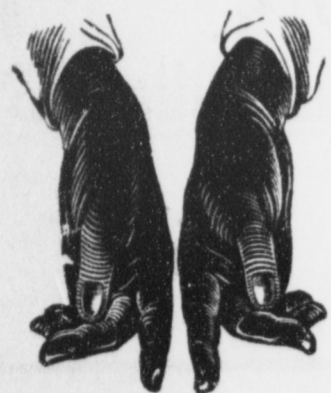

In deciding a divorce suit at Louisville the Judge advised against hasty marriages, and said it was a mistake for a young couple to live with the parents of either. This is another cruel thrust at the devoted mother-in-law, who forgets that she, too, once had a meddling mother-of-her-hubby.

"GENERAL" JACOB S. COXEY, who led an army of tramps to Washington during "them good old Cleveland prosperity times," appears to have been able to Chadwick a number of persons. He has just been discharged in bankruptcy proceedings, with debts of \$285,000 and assets of \$0,000,000,000.00, &c.

Tennessee is now attracting more interest as an oil field than for months past. A good strike in Dixon county, which brought in a fifteen-barrel well, of a quality said to be the best yet produced in either Tennessee or Kentucky, is responsible for the renewed activity.

Some high speeds are achieved on the continent. The Northern of France Railroad has 11 trains which are timed to do 57 miles or over per hour, platform to platform. The greatest speed ever recorded was made last year by an electric train on the Berlin and Zossepe Military Railway (147 miles long), when a speed of 131 miles per hour was attained.

Japanese Navy Department has proclaimed defense zones surrounding the Pescadores, the islands of Okinawa and the islands of Ushima and Emi. There is little news of the whereabouts of Admiral Rojstvensky's squadron, but it was sighted in Kamranh Bay on Friday noon by a passing steamer. This bay is about 200 miles Northeast of Saigon. The Japanese forces in Manchuria have occupied Yingcheng and Pachiatzu, the Russians retreating in disorder.

If people will indulge in fashionable fads they must suffer the penalty. In Vienna a judgment for \$1,600 has been rendered against a California man on a charge of appendicitis.

THE tobacco growers of Webster county have resolved in favor of the prosecution of all combines for the purpose of controlling the price of tobacco. This, of course, means the other fellow's combine.

MRS. CASSIE L. CHADWICK a few days ago assisted the officers in sorting over \$10,000 worth of lace handkerchiefs, collars and such which she had Chadwicked in Europe. If the old gal could get permission to show these around the country at 50 cents a look, she might retrieve at least a portion of her lost fortunes.

THE pecuniary losses by the German coal strike are said to be \$22,500,000. Nearly \$5,000,000 was lost in wages alone; coal owners lost \$8,000,000; railways, \$2,500,000 and consumers \$5,000,000. The only fellows who came out ahead were the Walking Delegates, who wore diamonds and smoked 20-centers while the strikers wore rags and couldn't afford to smoke at all.

In an official letter to the Civil Service Commission, June 13th, 1902, President ROOSEVELT said—

"In consideration of fixity of tenure and of appointment, in no way due to political considerations, the man in the classified service, while retaining his right to vote as he pleases and to express privately his opinion on all political subjects, should not take any active part in political management or in political campaigns for precisely the same reasons that a Judge, an army officer, a regular soldier or a policeman is barred from taking such active part."

How nice that sounds—and how empty it is. Why, a campaign couldn't be run in Kentucky without the Judges were on the stump and the Police at the polls.

"Speak for it!" she cried to doggie, for she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Boschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. 12 Two sizes, 25c and 75c. The report of the Attorney General shows that there have been more convictions in Federal Judge Cochran's Court for Eastern Kentucky than in any other District except in the Indian Territory.

A sensation was created in the Hargis trial yesterday by Sheriff Wilkerson reporting to the Court that certain friends of the Hargises in Lexington were endeavoring to intimidate and abuse witnesses for the state.

What is, perhaps, of greatest value to the man who considers real estate as a medium of investment is the fact that property can be purchased today which will produce not less than 6% net, and ten years from now will be returning 10% upon the investment or 5% upon a new valuation which will be 100% higher than the original investment, and this increased value will have cost the owner nothing.

Do You Need Bracing Up?

No other tonic in the world is like Paine's Celery Compound; no other remedy takes so simple and scientific a way to perform its wonders. Paine's Celery Compound acts directly upon the nerves, feeding them Nature's nerve food—celery—filling them with new vitality. Through the nerves it acts upon the blood, purifying it, strengthening it, making it pure and strong and red and healthy. No other remedy purifies so gently and so quickly.

Paine's Celery Compound is the one known prescription that purifies without purging or weakening the system in any way.

If you feel "run down," "used up," nervous, tired,—in other words, if you need bracing up, try Paine's Celery Compound.

Learn the full luxury and delight of being always at your best, able to live your life for all that is in it.

Feel the exultant thrill of pure, rich blood and abundant Nerve Force, made by Paine's Celery Compound.

Paine's Celery Compound gives real Nerve Force, instead of the false activity imparted by mere stimulants. It is the best and quickest nerve tonic.

Tired, weak-nerved, thin-blooded, unhappy men and women get quick, sure, hearty health from this celebrated Nerve Vitalizer and Tonic. It drives away lassitude, gives courage and strength. It makes a rich increase in blood supply, and makes the whole system thrill with hearty health.

Miss Mary Stone, Secretary of the Young People's Christian Temperance Society of Milwaukee, tells her experience after feeling "run down" for months.

We have used Paine's Celery Compound in our family for a number of years and a few months ago when I felt so worn out and run down that I thought I would have to give up my work and take a vacation earlier, mother suggested that I try a couple of bottles of Celery Compound. A few doses made me feel quite different, my appetite increased, I began to sleep well at night and felt rested in the morning. In a very short time I felt like a different being and am glad to say that your medicine made it possible for me to continue my work uninterrupted. Yours very truly,—Miss Mary Stone, 2621 Lisbon Ave., Milwaukee, Wis. Secretary Young People's Christian Temperance Society.

Try Paine's Celery Compound YOURSELF when you feel exhausted—when you grow tired sooner than you should—when you lose patience with the irritating cares of daily life—when you feel that your hopes and ambitions are not as high as they used to be—when you spend a sleepless night—when you get up almost as weary as when you went to bed—when you are worried—when the tired feeling puts its heavy touch upon you.

That is when you need the new Nerve Force, the good blood and fresh vitality that is given by PAINE'S CELERY COMPOUND.

Don't wait. Try Paine's Celery Compound today.

Take just one dose when you go to face the hard part of the day's trials. See how much better you feel.

See how much more easily the trials roll away. Two days' treatment with Paine's Celery Compound will give proof of its marvelous powers.

For 18 years this famous prescription has been the most universally used tonic in the world. It has stood the test of time. Physicians constantly use and prescribe it. No prescription has ever been formulated that equaled it in curative power.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

HOLY WEEK

The Forty-Day Fast of Lent Closes on Holy Saturday

This is Holy Week and is being observed in the Roman Catholic, Episcopal and Lutheran Churches. It commemorates the passion and death of Christ on Calvary. The services, particularly in the Catholic Church, are more solemn and more multiplied in this week than any other during the whole year.

Holy Week began with Palm Sunday. In the Catholic Churches palms were blessed and distributed among the members of the congregations. These palms are carried in procession in the Church in commemoration of Christ's entry into Jerusalem preceding His crucifixion.

During the entire week some solemn service is held either in the morning or evening.

Tomorrow, which is called Maundy Thursday, the Church commemorates the day of the last supper on the institution of the Sacrament of the Eucharist, and in honor of that event lays aside mourning for the time being, but after the Mass mourning is put on again.

On Good Friday the Churches are draped in black, no bells are rung and the services are the most solemn of the year in commemoration of the crucifixion of Christ.

On Holy Saturday in the Catholic Churches the ceremonies consist of the blessing of the paschal candle, which is used at Easter and

The Effective Remedy

WASHINGTON, IOWA, April 4, 1905.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 18 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

WINE OF CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhoea, headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.
